Korean People Will Surely Emerge Victorious under Wise Leadership of Marshal KIM IL SUNG

Telegram to Marshal KIM IL SUNG from Chairman of Burma-Korea Friendship Society

PYONGYANG, Feb. 13 (KCNA)—Premier Kim Il Sung received a telegram from U Aung Lwin, Chairman of the Burma-Korea Friendship Society, denouncing the U.S. imperialists and the Pak Jung Hi puppet clique for their fascist repression of the South Korean revolutionaries and patriots.

The telegram reads in full:

Your Excellency Esteemed Premier, the respected and beloved Leader of the 40 million Korean people,

We, members of the Burma-Korea Friendship Society and the Burmese people are unable to repress indignation at the U.S. imperialists and the traitors of South Korea who are desperately trying of late to dare punish Kim Jong Tai and many other patriots.

Such act of the U.S. imperialists and the traitorous Pak Jung Hi clique is not only an unpafdonable challenge to the Korean people, but a grave challenge to the world people.

The struggle Kim Jong Tai and other South Korean patriots waged for saving the South Korean people from the jaws of death and achieving the independent, peaceful unification of the country by putting an end to the colonial fascist rule of the U.S. imperialists and the Pak Jung Hi traitors and realizing the democratization of South Korean society is a struggle for existence and national dignity, which is worthy of praise, and it can never be a crime. Nor can it be a crime that they studied and propagandized the great ideas and works of Your Excellency, the peerless patriot and respected and beloved Leader of the 40 million Korean people, who waged a heroic struggle for a long time for the independence of the country from the yoke of Japanese fascism and has today established a most advanced socialist system, a model in the world, in the northern half of the Republic, leading the country and the nation to happiness after realizing the restoration of the fatherland, and whom the progressive people of the world hold in respect and reverence. It is clear to everyone that it is a performance of the lofty duty and a patriotic deed.

The murder of South Korean patriots by the U.S. imperialists and the Pak Jung Hi traitors must not be allowed. It must be checked at once.

We strongly demand that the attempt to murder Kim Jong Tai and other South Korean patriots be given up immediately and they be set free unconditionally.

If the scoundrels ignore the warning of the world people, they will never be pardoned by the world people for their crime.

Today the aggression and murderous acts of U.S. imperialism in South Korea and various parts of the world prove with increasing clarity the correctness of Your Excellency's strategy of the anti-imperialist, anti-U.S. struggle that all the anti-imperialist forces should form an anti-U.S., united front and direct the spearhead of attack to U.S. imperialism and that even the peoples of small countries of Asia, Africa and Latin America can vanquish U.S. imperialism when they unite and tear the limbs off U.S. imperialism in all parts and they should act so. This powerfully inspires the world people.

We voice full support to and solidarity with the struggle of the Korean people for rescuing the South Korean patriots who are confronted with a danger due to the U.S. imperialists and the Pak Jung Hi traitors and for achieving the independent, peaceful unification of the country.

The U.S. imperialists must get out of South Korea at once.

We firmly believe that the righteous struggle of the Korean people will surely be crowned with victory and the day will come before long when the 40 million Korean people will enjoy happiness in a unified fatherland under the wise leadership of Your Excellency.

We wish Your Excellency good health and a long life.

Korean Public Bodies Send Joint Letter to Int'l Democratic Organs and Democratic Public Bodies World Over

PYONGYANG, Feb. 15 (KCNA) — Public organizations of our country sent a letter on Feb. 15 in joint name to international democratic organizations and democratic public organizations of all countries of the world, exposing and denouncing the criminal act never to be condoned, which was committed by the U.S. imperialist aggressors and the Pak Jung Hi fascist gang, their stooges, in brutally murdering in jail Comrade Choi Yung Do, Chairman of the South Cholla Provincial Committee of the South Korean United Revolutionary Party, who was an indomitable revolutionary fighter and ardent patriot.

The letter reads:

International democratic organizations and democratic public organizations of all countries of the world which struggle for peace and democracy, justice and social progress!

Today in the southern half of our fatherland, intolerable barbarity is being committed with greater wantonness as the time flows, in which aggression and treachery strangle justice and patriotism, and grave danger is threatening the lives of a large number of revolutionaries and patriots who fought for freedom and liberation and the unification of the country.

The U.S. imperialists and the Pak Jung Hi fascist gang committed at last, on Jan. 25, the thrice-cursed barbarity of brutally murdering in jail Comrade Choi Yung Do, Chairman of the South Cholla Provincial Committee of the South Korean United Revolutionary Party, who was an indomitable revolutionary fighter and ardent patriot.

That very day, the villains "sentenced" 30 revolutionaries including Kim Jong Tai, Chairman of the Seoul Municipal Committee of the South Korean United Revolutionary Party, to death and heavy penalties on faked-up charges with the heinous intention to massacre them.

This is a vicious challenge to the entire Korean people and the fair-minded people the world over and one more intolerable insult to them.

Now the entire Korean people are burnig with irrepressible indignation at the U.S. imperialist aggressors and the Pak Jung Hi puppet clique, on hearing news of the death of Comrade Choi Yung Do who devoted his whole life to the South Korean revolution and the unification of the fatherland.

With deep sorrow over the death of Comrade Choi Yung Do, we are addressing this letter, in the name of the entire Korean people, to the international democratic organizations and democratic public organizations of all countries of the world and to the honest-minded people of the whole world, bitterly denouncing with surging national indignation the U.S. imperialists and the Pak Jung Hi fascist gang who are bestially repressing and murdering revolutionaries and patriots while intensifying the policies of aggression and war in South Korea.

Comrade Choi Yung Do who fell a victim to the brutal barbarity of murder by the U.S. imperialist aggressors and the Pak Jung Hi fascist gang, was an ardent patriot and indomitable revolutionary fighter who threw himself into energetic activities against U.S. imperialism and for national salvation to win freedom and liberation and the unification and independence of the country, boundlessly adoring from the early period Comrade Kim Il Sung, the great sun of our nation.

The chaotic situation of South Korea under the occupation of the U.S. imperialist aggressors today leaves the South Korean revolutionaries like Comrade Choi Yung Do and the rest of the people no alternative but to rise up in the anti-U.S., national salvation struggle.

Under the ruthless colonial fascist rule of the U.S. imperialists over the last two decades and more, South Korea has been converted, to all intents and purposes, into a colony and aggressive military base of the U.S. imperialists and has been reduced to a hell for humanity where famine and poverty, terror and massacre hold sway.

How can a Korean, if he has national conscience, sit quiet with his arms folded, seeing this tragic state of things created in South Korea?

This was why Comrade Choi Yung Do and other South Korean revolutionaries and patriotic people turned out determinedly in the sacred anti-U.S., national salvation struggle for destroying the colonial fascist rule of the U.S. imperialists and unifying the fatherland independently.

Holding aloft the strategic and tactical lines of Comrade Kim Il Sung for building a revolutionary Marxist-Leninist Party and building up a powerful revolutionary force in South Korea, Comrade Choi Yung Do, together with Kim Jong Tai, Kim Jil Rak, Li Moon Woo and other revolutionary comrades, played a pioneer's role in the struggle for forming the United Revolutionary Party, underground revolutionary organization, taking an active part in building up this party into a militant and dynamic organization and expanding and consolidating the foundation of the party among the masses.

Especially Comrade Choi Yung Do deeply acquainted the masses with the great ideas of *Juche* of the Leader, his brilliant revolutionary history of struggle and the wisdom of his leadership and his lofty virtues through "Selected Works of Kim Il Sung" and other immortal works of the Leader and the biography of Comrade Kim Il Sung, thereby arming them with the great revolutionary ideas of the Leader and closely uniting them around him, and skillfully organizing and mobilizing broad masses of the people of all strata in the anti-U.S., national salvation struggle.

These revolutionary activities of Comrade Choi Yung Do were an entirely just patriotic struggle reflecting the unanimous desire and aspiration of the South Korean people to live happily in the benevolent bosom of Comrade Kim Il Sung, the great Leader of the 40 million Korean people, by unifying the fatherland at the earliest date.

Comrade Kim Il Sung, the great Leader of the 40 million Korean people, said: **"The priceless achievements of struggle gained by the revolutionaries and patriotic people in South Korea in their sacred fight for the freedom and liberation of the people, for the unification and independence of the fatherland will shine forever in the glorious history of revolution in our country."**

But the U.S. imperialists and the Pak Jung Hi puppet clique, engaged in aggression and treachery are frenziedly trying to punish a large number of revolutionaries and patriots by branding such struggle of the people as a crime.

This is clearly proved by the acts of the villains who not only murdered Comrade Choi Yung Do in cold blood but are staging murderous "trials" every day by fabricating the socalled "case" of the United Revolutionary Party, the "case" of the People's Revolutionary Party, the "case" of the South Korean Liberation Strategic Party, the "case of the Operative Group for Communizing South Korea," the "case" of the Society for Comparative Study of Nationalism and so forth.

No ferocious fascist hangmen on earth will outmatch this fascist gang in atrociousness.

The murderous bestialities of the U.S. imperialist aggressors and the Pak Jung Hi fascist gang far surpass the brutalities of Nero the medieval tyrant and Hitler the fascist gangster in barbarity and cruelty.

Education Aid Fund, Stipend Again Sent to Koreans in Japan

The Workers' Party of Korea and the Government of the Republic and Comrade Kim Il Sung, the great Leader of the 40 million Korean people, again entrusted the Korean Committee for Aiding Overseas Compatriots to send educational aid fund and stipend to the Central Educational Association of Koreans in Japan for the democratic, national education of children of compatriots in Japan.

The Central Committee of the Red Cross Society of the Democratic People's Republic of Korea, at the instance of the Korean Committee for Aiding Overseas Compatriots, recently sent 299,754,000 yen in Japanese currency to the Central Educational Association of Koreans in Japan.

The remittance of huge educational aid fund and stipend is one more expression of the love, higher than the mountain and deeper than the sea, of Comrade Kim Il Sung, the respected and beloved Leader, and his deep solicitude for the children of compatriots in Japan.

Thanks to the wise leadership and warm kindred care of Comrade Kim Il Sung, the great Leader of the 40 million Korean people, the compatriots in Japan are living with high pride of being the citizens of the Democratic People's Republic of Korea and are splendidly enforcing democratic, national education for their children though they are in the land of Japan far away across the sea.

Under the constant solicitude of the Party and the Government and Comrade Kim Il Sung, the respected and beloved Leader, the compatriots in Japan have received a total of over 7,616, 269,000 yen in Japanese currency as educational aid fund and stipend on 30 occasions including the recent remittance. Great Chungsan-ri Method Created by Marshal KIM IL SUNG and Its Vitality

The great Chungsan-ri method is the most correct Marxist-Leninist method in the Party and state work and the guidance of economy under socialism which was newly put forth by Marshal Kim Il Sung, the respected and beloved Leader of the 40 million Korean people, in February 1960 and whose example was set personally by him through his guidance of Chungsan-ri.

The great Chungsan-ri spirit and Chungsan-ri method are exerting an ever greater revolutionary influence upon the work and life and their theoretical and practical significance is growing markedly as the days go by.

Marshal Kim Il Sung, the great Leader of the 40 million Korean people, giving on-the-spot guidance to a cooperative farm

Essence of Chungsan-ri Method

To improve and constantly perfect the guidance of the Party and state and economic management to suit the new changed circumstances after the completion of the socialist transformation of the relations of production and the establishment of the socialist system is one of the basic problems in socialist and communist construction and one of the most responsible tasks of a Marxist-Leninist Party.

With the socialist transformation coming to overall completion and radical changes taking place in the socio-economic relations and the ideological and spiritual life of the people in the Democratic People's Republic of Korea, the new circumstances inevitably made it necessary to radically improve the work of the Party, state and economic organs to suit them.

In those days when how to run the socialist economy and how to develop the socialist system were raised as an urgent question, Marshal Kim Il Sung with a keen insight into the demands of the new circumstances went down in person to Chungsan-*ri*, deeply acquainted himself with the work and talked with the masses in a concrete way on the spot for 15 days. On this basis he illumined a clear-cut way for improving the work of the Party, state and economic organs.

The revolutionary essence of the Chungsan-*ri* method and its true vitality lie, first of all, in that it dynamically impels socialist and communist construction and rapidly expedites the course of revolutionizing and working-classizing the society by actively organizing and conducting work in an offensive way on the basis of a scientific calculation of all the subjective and objective conditions and the demand of the development of reality in firm reliance on the inexhaustible revolutionary zeal and creative talents of the masses.

From the first day he organized and led the anti-Japanese armed struggle Marshal Kim Il Sung not only put forth an outstanding revolutionary line, strategy and tactics on the basis of the thorough stand of *Juche* and the revolutionary mass line but set a brilliant example of the tested, revolutionary commanding art and communist method of work.

Speaking of the Chungsan-*ri* method, Marshal Kim Il Sung taught us: **"The essentials of the Chungsan-ri method are that the higher organ helps the lower, the superior assists his inferiors and always goes down to work place to have a good grasp of the actual conditions there and to find correct solutions to problems, and gives priority to political work or work with people in all activities to give full play to the conscious enthusiasm and creative initiative of the masses so as to ensure the fulfilment of the revolutionary tasks."**

To give precedence to political work in all work—this is the basis and essential demand of the Chungsan-*ri* method.

As Marshal Kim Il Sung taught us, **"The intrinsic superiority of socialism and its great vitality lie above all in the fact that the working people freed from exploitation and oppression unite firmly and cooperate closely with each other as comrades and display creative initiative and voluntary zeal in their work for the common goal and interests."**

Therefore, only when full scope is given to the initiative and wisdom of the masses on the basis of the intrinsic superiority of the socialist system, can the revolution and construction be expedited more rapidly and successfully through the maximum mobilization of all the potentialities and possibilities of the socialist society.

In our country where the people are fighting to further accelerate the socialist construction with their own efforts under the difficult conditions in which the country is divided into the North and South and to drive the U.S. imperialist aggressors, the ringleader of world reaction, out of South Korea and carry the national liberation revolution through to completion throughout the country, it is of great significance in successfully expediting the socialist construction in the northern half of the Republic and accomplishing the revolutionary cause of national unification to more energetically carry out political work and give full play to the revolutionary zeal and creative initiative of the working class.

As Marshal Kim Il Sung taught us, to give priority to the political work means that **"In fulfilling each revolutionary task, from the outset we have made a point of fully explaining and giving a clear understanding of the Party's policy with regard to the task to all Party members and the masses of the people and of inducing them through mass discussion to explore ways of executing the Party's policy and to strive to carry it through with a high degree of political consciousness and enthusiasm."**

What is most important in political work is to firmly arm the entire Party members and working people with the lines and policies of the Workers' Party of Korea and thoroughly establish the system of the unitary ideology of the Party among them.

To correctly grasp the great revolutionary ideas of Marshal Kim Il Sung and the essence of the Party policies, their embodiment, and deeply explain and bring them home to the masses so that they may make them their flesh and blood —this is the basic way of thoroughly establishing the system of the unitary ideology of the Party and the decisive guarantee in successfully expediting our revolution and construction.

The Chungsan-*ri* method demands that definite precedence be given to political work in all work while closely combining economic work with it.

There can be no political work divorced from economic construction work and political work which gives no concrete help to economic construction is meaningless. On the other hand, economic work not backed by political work will lose a correct direction and its success can not be consolidated nor further expanded or developed because it is not based on the political consciousness of the masses.

It is a demand of the Chungsan-*ri* method that all the leading functionaries always go down to the lower, production sites, teach and help masses, have a deep grasp of reality and analyze and acquaint themselves with it in a concrete way and take scientific measures, and solve all problems with joint efforts of the superiors and inferiors.

Through his guidance of Chungsan-*ri*, Marshal Kim Il Sung put forth the revolutionary method of guidance by which the higher organs and their functionaries teach the lower organs and their functionaries and effectively help them in work.

This revolutionary measure makes it possible to actively overcome and correctly settle all difficulties and all problems arising in the revolution and construction with the joint efforts of the higher and the lower levels.

This measure is also of great theoretical and practical significance as a most correct measure for solving definitively the question of the level of guidance of functionaries, which lags comparatively behind the development of reality in the course of socialist and communist construction.

In the course of carrying out the Chungsan-*ri* method, the traits of the Party work, in which the higher organs help and teach with responsibility lower organs, the superiors subordinates and the well-informed less-informed, have been established thoroughly and the level of guidance of functionaries has been raised decisively.

The Chungsan-*ri* method also requires the establishment of the work method of pushing ahead with the whole work by combining general guidance with specific guidance, setting the order of priority in all work and solving the main link.

Marshal Kim Il Sung, the great Leader, taught us:

"In implementing Party decisions or directives, it is only by combining specific guidance with general guidance that we can work out forms of struggle suited to the specific conditions and acceptable to the masses, get a clear idea of the main directions in which the work should be pushed forward, and carry out the work in the proper order of priority."

To take a firm hold of overall work, decide the order of priority in work, grasp the main link and concentrate efforts on it—this is the important demand of the Chungsan-*ri* method.

Marshal Kim Il Sung said:

"...Success in work depends upon whether or not one correctly calculates his strength, decides the order of priority in work, grasps the main link and concentrates his efforts on it."

Even if the task raised is complicated and new tasks arise one after another, when the workers, on the basis of the Party policy, go into the midst of reality, discuss with the masses sincerely and mobilize their creative wisdom they can correctly decide the order of priority in work and grasp the main link, and when they concentrate the main efforts on this link and thoroughly solve problems one by one by the method of annihilation operation, they can unravel all the related links and successfully push ahead with work.

Vitality of Chungsan-ri Method

Through his guidance of Chungsan-*ri*, Marshal Kim Il Sung brought about a great change in the Party work and economic work as a whole by creating a practical example and generalizing it throughout the country, teaching the functionaries with concrete living facts to be easily understood by anyone what are shortcomings in the Party work and guidance of national economy, especially, in the guidance of rural economy, what is their cause and in what direction the rural economy should be developed.

The revolutionary work method of giving precedence to political work in all work demonstrates great might in the revolution and construction.

In 1957, the great historic Chullima march started in the DPRK by increasing production by 40 per cent at a bound as against the previous year by mobilizing Korean reserves and potentials, actively coping with the complicated situation at home and abroad and overcoming all difficulties, and last year a new great revolutionary upsurge was brought about by surpassing by more than 10 per cent the rate of growth envisaged in the plan. All this was attributable to the revolutionary work method of enlisting the wisdom and strength of the masses of people and solving problems in reliance on them by further energetically conducting political work.

The great reserves and possibilities of the continued growth of production lie in mobilizing the masses, giving precedence to political work, and herein lies the key to actively ensuring high tempo of economic development knowing no stagnation or standstill.

The Chungsan-*ri* spirit and the Chungsan-*ri* method have been further deepened and developed in agriculture and industry, in all spheres and all work units throughout the country. A spark, the model created in Chungsan-*ri*, has flared up into raging flames sweeping the whole country, producing hundreds of, thousands of Chungsan-*ri*.

The Chungsan-*ri* method is, indeed, the active method of mass mobilization vigorously rousing the working people to revolution and construction and the powerful method of revolutionizing and working-classizing them by educating and remoulding them.

With the embodiment of the Chungsan-*ri* spirit and Chungsan-*ri* method in reality, the working people have been armed more firmly with the great revolutionary ideas of Marshal Kim Il Sung, the ideas of *Juche*, and the course of revolutionizing and working-classizing the whole society has been more vigorously pushed ahead and the old system and the old method and style which hampered advance have been liquidated and a new revolutionary work system, work method and work style have been fully established in all domains of the Party and state work and the guidance of economy.

In this way, the leading role of the Party has been further enhanced, the unity of the Party and the masses strengthened into an indestructible one and the Party policies have been successfully implemented.

With the embodiment of the Chungsan-*ri* method, the difficult work of educating and remoulding the working people is also being successfully carried out by the masses themselves and the vivacious, revolutionary traits of working, studying and living in a communist way are prevailing in the whole society.

The Chungsan-*ri* method, while effecting great changes in life, is being steadily developed and enriched.

Speech by Head of WPK Del. At 12th Congress of Italian Communist Party

Minister Rim Kye Chul, Member of the Central Committee of the Workers' Party of Korea, who is heading the delegation of the WPK, made a congratulatory speech at the 12th Congress of the Italian Communist Party on Feb. 11, according to a report from Bologna.

The congratulatory speech reads in part: (KCNA)

Beginning the speech, he extended, authorized by the Central Committee of the Workers' Party of Korea, warm congratulations to the 12th Congress of the Italian Communist Party, and through it, to the entire membership of the Party and the working class and the working people of Italy.

He said:

In the arduous period of the Second World War, the Italian Communists and patriotic people greatly contributed to hastening the doom of fascism in Europe, by organizing and waging the heroic anti-fascist people's resistance, under the leadership of the ICP.

For its heroism in the anti-fascist struggle and its devotion to the revolutionary cause of the Italian working class, the ICP enlisted great support and trust among the Italian working class and broad masses of the people and rapidly grew into a powerful political force after the war.

Today the Italian Communists and working class and other oppressed toiling masses are struggling against the policy of aggression of imperialism headed by U.S. imperialism and the anti-popular policy of the bourgeois regime at home and for class liberation, social progress and vital rights.

Our Party and people are sincerely rejoiced over and hail the successes made by the Italian Communist Party in the sacred struggle for the revolutionary cause of the Italian working class.

Our Party and people are extending active support to and firm solidarity with the Italian Communists and people in their just struggle against exploitation and oppression by capital and for genuine freedom, democracy and socialism.

Rim Kye Chul continued:

The Workers' Party of Korea and the Korean people are building socialism in face of U.S. imperialism, the chieftain of world imperialism, and struggling for the independent unification of the fatherland.

Our Party has correctly led the socialist revolution and socialist construction by thoroughly embodying the ideas of *Juche* in all fields, holding high the revolutionary banner of Marxism-Leninism, and thereby has turned our country into an advanced socialist country with a solid foundation of independent national economy and an all-people defence system and brilliant national culture in a short historical period.

In the days gone by, our Party has built up the whole country as a Red great family overflowing with revolutionary spirit by energetically pushing ahead with the revolutionization and working-classization of the whole society through the steady strengthening of proletarian dictatorship and definite preceding of ideological revolution while advancing vigorously with a firm hold on economic construction and defence upbuilding.

Today the entire Korean people, rallied as firm as a rock around the Central Committee of our Party headed by Comrade Kim Il Sung with one thought and one will, are spurring on the grand Chullima march to win the complete victory of socialism and drive the U.S. imperialists out of South Korea and accelerate the nation-wide victory of the Korean revolution, consolidating the achievements already made, upholding the programmatic tasks set by Comrade Kim Il Sung in the report at the Celebration of the 20th Anniversary of the Founding of the Republic.

He went on:

The U.S. imperialist aggressors occupying the southern half of our fatherland have turned it into their complete colony and aggressive military base and these days they are further intensifying military provocations against the northern half of the Republic and fascist suppression of the South Korean people, becoming more frenzied in new war preparations.

With no attempt, however, can the U.S. imperialists dampen the unanimous desire of our people to unify the fatherland and live happily in a unified fatherland.

Now the South Korean revolutionaries and patriotic people, boundlessly inspired by the successes of socialist construction in the northern half of the Republic, are vigorously waging an active struggle against the U.S. imperialists and the Pak Jung Hi puppet clique.

The U.S. imperialists will be driven out of our territory sooner or later by the strong anti-U.S., national salvation struggle of the Korean people in the North and the South and the cause of national unification of the Korean people will be surely accomplished.

Rim Kye Chul continued:

The downfall of imperialism and victory of socialism are the main trend of our age which no force can check.

U.S. imperialism is the most barbarous and brazen aggressor in the present times and the chief enemy of the world people.

The U.S. imperialists are now working desperately to disorganize the socialist countries and the newly independent countries from within by intensifying on the one hand the armed aggression and subversive activities and stepping up on the other the ideological and cultural infiltration, with view to beating the international revolutionary forces separately.

The Communist and Workers' Parties and all the anti-imperialist revolutionary forces should heighten vigilance against such strategy of the U.S. imperialists and deal blows at U.S. imperialism with united strength and bind it hand and foot in all regions and all countries where it has stretched its talons of aggression.

While fighting U.S. imperialism, the Communist and Workers' Parties and all the anti-imperialist forces should wage a relentless struggle against Japanese militarism and West German militarism, its faithful allies.

Holding aloft the banner of the anti-imperialist, anti-U.S. struggle, our Party and people will always wage a staunch struggle against imperialism headed by U.S. imperialism and firmly stand on the side of the peoples fighting against imperialism and for peace, democracy, national independence and socialism.

Our Party and people actively support and encourage the heroic Vietnamese people in their struggle against U.S. imperialism and for national salvation and express firm militant solidarity with the peoples and revolutionaries of all lands fighting valiantly against imperialism and colonialism.

We must strengthen the unity of the socialist camp and the solidarity of the international communist movement and working-class movement, intensify the anti-imperialist, anti-U.S. struggle and forcefully develop the revolutionary struggle of the world people.

The unbreakable unity of the socialist camp and the international communist and working-class movements is an important guarantee for promoting the cause of socialism and communism and intensifying the revolutionary struggle of the working class in the capitalist countries and the national liberation struggle in the colonies.

Our Party will exert, in the future too, as in the past, all efforts for strengthening the unity of the socialist camp and the solidarity of the international communist movement based on the principles of Marxism-Leninism and proletarian internationalism.

Our Party and people treasure their friendship and solidarity with the Italian Communist Party and the Italian people.

The Parties of our two countries have supported each other in the struggle against imperialism and for the victory of the cause of socialism and communism.

Our Party and people remember the fraternal support and solidarity extended by the Italian Communist Party and the Italian people to the struggle of our people in the Fatherland Liberation War against U.S. imperialism.

Our Party and people will as always support the just struggle of the Italian Communist Party and working people for freedom and vital rights of the working masses and strive to strengthen the friendship and solidarity between the two Parties and the working people of the two countries in the struggle against imperialism headed by U.S. imperialism and for the triumph of the cause of Marxism-Leninism.

Concluding his speech, he wholeheartedly wished the Italian Communist Party and working class fresh successes in the future struggle against exploitation and oppression by capital and for socialism and communism.

Speech by Head of WPK Del. At 23rd Congress of Danish Communist Party

Kim Ryu Jong, Member of the Central Committee, and Chairman of its Control Committee, of the Workers' Party of Korea and head of the WPK delegation, made a congratulatory speech at the 23rd Congress of the Danish Communist Party in Copenhagen, according to a report from Copenhagen.

The congratulatory speech reads in part: (KCNA)

He said: Authorized by the Central Committee of the Workers' Party of Korea, I extend warm congratulations to the 23rd Congress of the Danish Communist Party and, through it, to the entire membership of the Danish Communist Party and the working people of Denmark.

The Danish Communist Party has waged an arduous struggle for a long period against the bourgeois reactionary regime and the anti-popular machinations of the Right-wing social democrats and for the class emancipation, democratic rights and vital interests of the working class and the oppressed toiling masses of Denmark.

In the period of trials when the Hitler fascist clique occupied the country, the Danish Communists and patriotic people dealt a heavy blow to the enemies by organizing and waging a massive struggle under the leadership of the Danish Communist Party against the occupationists and the reactionary forces at home in league with them.

He referred to the fact that the Danish Communist Party which, grew and strengthened into powerful revolutionary forces through the arduous struggle against the fascist aggressors and class enemies, has actively struggled after the war for the democratic development of the country and the interests of the working people and achieved many successes.

He said: Today the Danish Communists and working class are struggling to thwart and frustrate the policy of war of the imperialists headed by U.S. imperialism, the revival of West German militarism and its manoeuvres for reinvasion, and are struggling against the domestic monopoly capital and for the genuine independence of the country, democracy and socialism.

Our Party and people, he said, sincerely rejoice over the successes made by the Danish Communist Party and extend firm solidarity with the Danish Communists and working class in their just struggle for class liberation and social progress. He continued:

The Workers' Party of Korea and the Korean people, firmly standing at the eastern post of the socialist camp, are waging a selfless struggle for socialist construction in the northern half of the Republic and the independent unification of the fatherland, while successfully frustrating the ceaseless aggressive and subversive manoeuvres of the U.S. imperialists and their stooges.

In the past our Party has turned the country into an advanced, mighty socialist country in a historically short span of time by creatively applying the principles of Marxism-Leninism to the concrete conditions of the country and skilfully organizing and mobilizing the entire people in the revolution and construction.

Today the entire Korean people, rallied close, with one thought and one will, around the Central Committee of our Party headed by Comrade Kim Il Sung, are vigorously pushing on the revolutionization and working-classization of the whole society and effecting a great revolutionary upsurge on all fronts of socialist construction by forcefully stepping up economic construction and defence upbuilding, holding aloft the programmatic tasks put forth in the report at the Celebration of the 20th Anniversary of the Founding of the Republic, to bring earlier the unification of the fatherland and the complete victory of socialism.

He said that the U.S. imperialists who have been occupying the southern half of our fatherland for more than 20 years and have converted it into their complete colony and military base for aggression, are running hotwild in preparation for a new war against the northern half of the Republic while further intensifying fascist suppression of the South Korean people, to maintain their crumbling colonial rule and realize their ambition for aggression.

He went on:

The recent bestial suppressive and murderous atrocities by the U.S. imperialists and the Pak Jung Hi puppet clique against the United Revolutionary Party and other revolutionary organizations and the revolutionaries of South Korea show that they have gone to extremes in their fascist repression.

However, with no heinous attempt can the U.S. imperialists and their stooges block the national desire of our people to unify the fatherland and live in happiness in a unified fatherland. They will be surely expelled from our land by the united strength of the North and South Korean people.

Noting that U.S. imperialism is the main force of aggression and war and the most truculent common enemy of the world people, he went on:

The Communist and Workers' Parties and all the anti-imperialist revolutionary forces should unite their strength and direct the spearhead of struggle against the U.S. imperialists in all areas and all countries where the U.S. imperialists have stretched their claws of aggression and thus bind them hand and foot.

The world revolutionary people, while fighting against U.S. imperialism, should fight against Japanese and West German militarism, its faithful allies.

Our Party and people, holding aloft the banner of the anti-imperialist, anti-U.S. struggle, are struggling resolutely against imperialists headed by the U.S. imperialists and actively supporting and encouraging the anti-U.S., national salvation struggle of the heroic Vietnamese people and the struggle of the peoples of all countries against imperialism and for peace and democracy, national independence and socialism.

The unity of the socialist camp and solidarity of the international communist and working-class movements must be strengthened in order to firmly rally all the anti-imperialist, revolutionary forces and accelerate the world revolution.

Our Party will, in the future, too, as in the past, steadfastly maintain the anti-imperialist, anti-U.S. revolutionary stand and bend all efforts for strengthening the unity of the socialist camp and solidarity of the international communist movement on the principles of Marxism-Leninism and proletarian internationalism.

The Parties and working classes of Korea and Denmark have supported each other in the common struggle against imperialism and for the victory of the cause of Marxism-Leninism.

The Danish Communist Party and people actively supported the struggle of justice of our people in the period of the Fatherland Liberation War against the U.S. imperialists and are supporting today the struggle of our people for driving the U.S. imperialists out of South Korea and unifying the fatherland.

Such support of yours is a great inspiration to the struggle of our people.

World People Condemn U.S. Imperialists

In Resolute Demand of Prompt Release of

We Indict U.S. Imperialists and Pak Jung Hi Gang

EDITORIAL

Today, the workers of CHONGRYUN (the General Association of Korean Residents in Japan) and Korean citizens in Japan are vigorously waging as one anti-U.S., national salvation struggles to carry out the tasks of the "Month to Struggle against the Death Sentences of Kim Jong Tai and Other Patriots of the South Korean United Revolutionary Party" with the firm determination to drive the U.S. imperialists out of South Korea and wipe out the Pak Jung Hi clique and to realize the independent unification of the fatherland.

The U.S. imperialists and the Pak Jung Hi homicides, their faithful stooges, engaged in suppression of and brutal atrocities against South Korean revolutionaries and patriots, committed on Jan. 25 the unpardonable criminal acts of brutally murdering in prison Choi Yung Do, fighter, ardent patriot and Chairman of the South Cholla Provincial Committee of the South Korean United Revolutionary Party.

We, together with the people in the homeland, pay homage with a feeling of reverence to the memory of the fighter Choi Yung Do who devotedly fought on the one road to the revolution indicated by the Leader, bearing in mind the great revolutionary ideas of the Leader, and express profound condolences to his bereaved family and relatives and his revolutionary comrades-in-arms. At the same time, we resolutely condemn with surging national indignation the U.S. imperialists and the Pak Jung Hi fascist hangmen, their stooges for the bestial atrocities, and denounce them as one more grave provocation against the entire Korean people and an unpardonable challenge to the conscience of humanity cherishing justice and aspiring after social progress.

As is well known, the indomitable revolutionary fighter and the ardent patriot, Choi Yung Do, Chairman of the South Cholla Provincial Committee of the South Korean United Revolutionary Party devotedly struggled to the last moment of his life to translate into action the strategic and tactical lines on the South Korean revolution and national unification indicated by him, firmly arming himself with the great revolutionary ideas of Marshal Kim Il Sung, the respected and beloved Leader of the 40 million Korean people, with the glorious revolutionary tradition of the anti-Japanese armed struggle and organizing the United Revolutionary Party together with the ardent patriot Kim Jong Tai.

By indomitably fighting all his life, the fighter Choi Yung Do accomplished great feats in his work to arm the masses of the people with the great revolutionary ideas of the Leader, organize the South Korean revolutionary forces and strengthen and develop the revolutionary struggles along the road to revolution illumined by the Leader.

The Presidium of the Supreme People's Assembly of the Democratic People's Republic of Korea conferred the Title of Hero of the Republic together with a Gold Star Medal and Order of the National Flag First Class on the late Comrade Choi Yung Do in recognition of his heroic services to the fatherland.

This is another manifestation of the boundless love and solicitude that Marshal Kim Il Sung, the respected and beloved Leader, extends to the South Korean revolutionaries and patriots, and is the greatest honour and pride to them.

The late fighter Choi Yung Do, Kim Jong Tai and other members of the United Revolutionary Party whom the murderous villains are scheming to execute, and many other South Korean patriots who are indicted in a series of framed-up "cases," are all true patriots and indomitable revolutionary fighters that have devoted themselves to the heroic struggles for the freedom and liberation of the South Korean people and for unification and independence of the country.

Marshal Kim Il Sung, the respected and beloved Leader, said as follows:

"The priceless achievements of struggle gained by the revolutionaries and patriotic people in South Korea in their sacred fight for the freedom and liberation of the people, for the unification and independence of the fatherland will shine forever in the glorious history of revolution in our country."

The activities of South Korean revolutionaries and patriots including the members of the United Revolutionary Party are thousand times and ten thousand times just activities for the fatherland and the people and deserve the high praise of the entire Korean people.

Those who should be judged and executed by the people are the U.S. imperialist aggressors who have forced innumerable misfortunes and tribulations upon the South Korean people, while invading the other's country, blocking national unification by hook or by crook and running hog-wild to ignite another war in Korea, and also the treacherous Pak Jung Hi gang who are selling out the country and the nation wholesale to foreign invaders.

We indict the U.S. imperialists and the Pak Jung Hi clique for the thrice-cursed barbarous atrocities before the peoples of the world.

At the same time, we strongly demand that the scoundrels release immediately and unconditionally members of the United Revolutionary Party, including Kim Jong Tai, and all the other revolutionaries and patriots arrested and put in jail in connection with the cooked-up "cases."

We will, first of all, arm ourselves with the revolutionary ideas of Marshal Kim Il Sung, more vigorously wage a movement to relieve South Korean revolutionaries and patriots, including Kim Jong Tai, and more resolutely fight for the promotion of national reintegration.

Thanking the peoples of the world for their unqualified cooperation with our just struggle, we are convinced that the freedom- and justice-loving peoples of the world will render more active support to and express firm solidarity with us in the struggle to extend relief to South Korean revolutionaries and patriots.

Voices are rising from every corner of the world bitterly denouncing the U.S. imperialists and the Pak Jung Hi puppet clique who are frantically and bestially suppressing and slaughtering the revolutionaries and patriots of the South Korean United Revolutionary Party. These voices support and encourage the just anti-U.S., national salvation struggle of the South Korean people.

The U.S. imperialists and the Pak Jung Hi puppet scoundrels brutally murdered on Jan. 25 Chairman Choi Yung Do of the South Cholla Provincial Committee of the United Revolutionary Party, and, on the same day, "sentenced" to death and heavy penalties—five to death and four to life imprisonment—30 members of the South Korean United Revolutionary Party including Kim Jong Tai, who had waged resolute struggles in order to drive out the U.S. imperialist aggressors from South Korea and to realize democracy for South Korean society and independent unification of the country.

The broad sections of the people of the world, especially the tricontinental revolutionary peoples of Asia, Africa, and Latin America, who are fighting heroically against U.S. imperialism and its lackeys, are actively carrying out various forms of struggles to denounce strongly this barbarous atrocity and to support unanimously the South Korean revolutionaries and patriots.

The Permanent Secretariat of the Afro-Asian Peoples' Solidarity Organization recently issued a statement and pointed out:

The struggle of the South Korean people against the U.S. imperialists, the sworn enemy of the South Korean people and No. 1 target of the struggle of the world people, and the fascist terror rule of the Pak Jung Hi clique, their stooges, can never be a "crime," but it is a just act.

The statement sternly denounced the indiscriminate murder perpetrated by the U.S. imperialists and Pak Jung Hi puppet clique in South Korea as an intolerable criminal act against the just cause of the entire Korean people and all the progressive people of the world and also as a barbarous suppression of human dignity. It appealed to all its national organizations and progressive people of the world to express firm militant solidarity with all the South Korean patriots and people in the struggle against fascist repression and atrocities and for the lofty national cause.

The Permanent Secretariat of the Afro-Asian Lawyers Association also issued a statement on Feb. 5, which said:

The frenzied suppression of South Korean revolutionaries and patriots by the U.S. imperialists and the Pak Jung Hi puppet clique is a desperate act aimed at barring the powerful revolutionary advance of the South Korean people and perpetuating their tottering fascist rule. But, no barbarity can turn away the revolutionary patriots of South Korea from the path of revolution, from their purpose.

The Vietnam Asian-African Solidarity Committee issued on Feb. 14 a statement strongly demanding an immediate release of Kim Jong Tai and other South Korean patriots.

Saying that the Vietnamese people completely stand on the side of the South Korean people in their struggle against the U.S. imperialist aggressors and their henchmen for the liberation of South Korea and for democracy and unification of the fatherland, it stressed: "We are convinced that whatever barbarous and brutal manoeuvres they may resort to, the U.S. imperialists and their stooges in South Korea certainly cannot hamper the advance of the South Korean people's just struggle."

The world people demand an immediate release of the arrested South Korean revolutionaries.

The Ceylonese Writers Association said in its statement:

The U.S. imperialists and Pak Jung Hi puppet clique have no right whatever to repress the South Korean patriots who are waging a just national salvation struggle to drive the U.S. imperialists out of South Korea and liberate South Korea.

It called upon all the writers of the world to join their voices in denouncing with surging indignation the criminal acts of the villains.

Statements which strongly denounced the U.S. imperialists and their stooges Pak Jung Hi villains and extended militant support to the South Korean revolutionaries and patriots were issued by the following world bodies, as well:

* **The Executive Committee of the Red Cross Society of the Congo(B)**
* **The Bulgarian Lawyers Association**

* **The South Vietnam Federation of Trade Unions for Liberation**
* **The C.C. of the Vietnam Labour Youth Union**
* **The C.C. of the National Students Committee of Vietnam**

The Bureau Meeting of the International Association of Democratic Lawyers which was held in Vienna between Feb. 15 and 16 adopted an urgent appeal to lawyers and peace-loving people all over the world in connection with the fact that the U.S. imperialists and Pak Jung Hi puppet clique committed an unpardonable crime by inflicting death sentences and heavy penalties upon the South Korean revolutionaries and patriots, including Kim Jong Tai.

The urgent appeal said:

The Bureau Meeting resolutely protests against the criminal outrage of the U.S. imperialists and Pak Jung Hi puppet rogues against the South Korean revolutionaries and patriots who rose in the just struggle for the freedom and liberation of the South Korean people, and denounces these acts as a grave crime against the entire Korean people, a challenge to the world's people and lawyers fighting for justice and truth, and an open violation of international law and human rights.

The Bureau Meeting appeals to the lawyer's organizations, lawyers and peace-loving peoples of all countries to expose and denounce the fascist repressive moves and criminal atrocities of the U.S. imperialists and Pak Jung Hi murderous bandits against the South Korean revolutionaries and patriots and launch extensive movements to actively support and encourage the just anti-U.S., national salvation struggle of the South Korean revolutionaries and people.

The Pakistani Supreme Court and the Pakistani Lawyers Society held a meeting to denounce the murderous trial of members of the South Korean United Revolutionary Party by the U.S. imperialists and the Pak Jung Hi puppet clique, and adopted a resolution strongly demanding immediate withdrawal of "sentences" passed upon the South Korea patriots by the Pak Jung Hi puppet clique and immediate release of the arrested patriots.

The Pakistani Organization of Asian-African Peoples' Solidarity and the Mongolian Lawyers Union made public a protest.

Meanwhile, the 23rd Congress of **the Communist Party of Denmark** adopted on Feb. 16 a statement in the name of the Congress in denunciation of the fascist repression of the South Korean revolutionaries and patriots by the U.S. imperialists and the Pak Jung Hi puppet clique,

and Pak Clique for Murderous Atrocities

Imprisoned South Korean Patriots

Japanese youth and students stormed the puppet South Korean "Embassy in Tokyo" to lodge a strong protest with it over the wicked machination of the U.S. imperialists and the Pak Jung Hi clique to slaughter wholesale Kim Jong Tai of the United Revolutionary Party and other South Korean patriots.

Jap. People Active in Rescue Drive

Denouncing the fascist suppression of the South Korean revolutionaries and patriots by the U.S. imperialists and the Pak Jung Hi puppet clique, active campaigns to support the just anti-U.S., national salvation struggle of the South Korean people are rising among the Japanese people as well as among the people of the world.

Five political parties and social bodies in Tokyo, including **the Tokyo Committee of the Japan Communist Party, the Tokyo Headquarters of the Japan Socialist Party, the Tokyo Regional Trade Union Council and the Tokyo Federation of the Japan-Korea Association,** issued on Feb. 17 a joint statement, scathingly flaying the fascist atrocities committed by the U.S. imperialists and their stooges Pak Jung Hi villains and expressing their resolute struggle to support the fighting South Korean patriots.

At 1:00 p.m. the same day, representatives of the 10 Japanese youth organizations including **the Japan Democratic Youth League, the Japan Socialist Youth League, the Youth Lawyers Association,** visited the puppet "ROK Embassy in Japan" and filed a protest, denouncing the fascist oppression by the U.S. imperialists and the Pak Jung Hi scoundrels.

On the evening of that day, 150 Japanese scholars and cultural leaders who attended a meeting at the Gakushi Kaikan Hall in Tokyo, held to expose the fascist oppression of the members of the South Korean United Revolutionary Party by the U.S. imperialists and the Pak Jung Hi puppet clique, made a proposal to start a relief campaign after serious discussions.

Meanwhile, political parties, beginning with **the Japan Communist Party and the Japan Socialist Party,** issued statements and launched active relief campaign to extend immediate release to the patriots of the United Revolutionary Party and to encourage the revolutionary struggle of the South Korean people.

The Japan-Korea Association and **the Liaison Council of Japanese Cultural Organizations** also issued statements protesting the U.S. imperialists and their stooges Pak Jung Hi clique.

The Japan Press Workers Union, the Japan Printing Workers Union, the Federeation of Japan Private Radio Workers Unions and other trade union organizations recently sent protest telegrams to the Pak Jung Hi puppet clique.

The Japan Construction Workers Union at the 30th meeting of its Central Committee, **and the New Japan Women's Association** at the 23rd meeting of its C.C., adopted resolutions condemning the U.S. imperialists and the Pak Jung Hi clique.

In addition **the Japan Council against Atomic and Hydrogen Bombs** discussed at its 79th National Standing Committee on Feb. 10 the question of supporting the just anti-U.S., national salvation struggle of the South Korean people, and decided to strongly protest against the puppet "ROK Embassy in Japan."

The International Lawyers Liaison Council of Japan held an emergency council meeting and discussed the question of unfolding a movement to extend relief to members of the South Korean United Revolutionary Party suffering from bestial suppression by the U.S. imperialists and the Pak Jung Hi puppet clique. It decided to form in the near future a relief committee by uniting broad public organizations with lawyers organizations as the centre.

Those struggles are not limited to Tokyo but are extending to all parts of Japan.

Especially, in Hyogo, Saitama, Mie, Hokkaido, Yamaguchi, Tochigi Prefectures, Japanese people in all walks of life, holding gatherings or meetings, exposed and denounced the murderous "trial" farces by the U.S. imperialists and the Pak Jung Hi puppet clique, and discussed and decided concrete measures for extending relief to the South Korean revolutionaries.

Struggle Month Committee Issues Statement

The Committee to Promote the "Month to Struggle against Death Sentences of Patriots Including Kim Jong Tai of the South Korean United Revolutionary Party" issued a statement on Feb. 15 calling for world-wide denunciation of the U.S. imperialists and the Pak Jung Hi clique for their attempt to execute wholesale the South Korean patriots.

The statement was released at the memorial service which was held in Tokyo in honour of the late Comrade Choi Yung Do, Chairman of the South Cholla Provincial Committee of the South Korean United Revolutionary Party.

The statement said, "On Jan. 25 the U.S. imperialists and the Pak Jung Hi nation-selling company perpetrated a criminal act of imposing death sentences upon five persons including Kim Jong Tai, head of the Seoul headquarters of the South Korean United Revolutionary Party, life imprisonment upon four and heavy prison terms not exceeding 15 years' imprisonment upon the remaining 21."

"In the past three months alone, the U.S. imperialists and the Pak Jung Hi nation-selling company staged eight murderous trials, sentencing 14 persons to death and 72 to life imprisonment and other heavy penalties," the statement stressed, and added:

"This is a most vicious act of violence that only the U.S. imperialists and the Pak Jung Hi gang can commit, and constitutes an impermissible challenge to justice and humanitarianism."

The statement declared, "The struggles waged by the members of the United Revolutionary Party deserve high praise as just struggles in which are reflected their bitter experiences and unanimous aspiration of the South Korean people. They can never become a 'crime'."

The statement went on to condemn the U.S. imperialists and the Pak Jung Hi fascist gang as the most wicked enemy of mankind, laying bare their true characters for the peoples of the whole world to see.

The statement said, the facts show that the U.S. imperialists and the Pak Jung Hi clique have launched an unexampled fascist suppression campaign with a view to removing any social element which may stand in the way of their new war provocative machinations, and sternly warned the scoundrels against their suppressive maneuvers.

The statement expressed firm conviction that the peoples of the world including Japanese people will come out with positive support to the just struggle of the South Korean people and with resolute denunciation of the fascist brutalities of the U.S. imperialists and the Pak Jung Hi clique.

(Continued from page 1)

Those who must be severely tried and punished by the people in South Korea are none other than the U.S. imperialists who are perpetrating all aggression and plunder, occupying South Korea by the force of arms and enforcing a harsh colonial fascist rule and the Pak Jung Hi thugs who, as their faithful dog, are selling off the interests of the country and the nation lock, stock, and barrel.

With no barbarous repression can the U.S. imperialist aggressors and the Pak Jung Hi fascist gang bridge over the crisis of their crumbling colonial fascist rule in South Korea or stamp out the daily growing revolutionary forces.

The death of Comrade Choi Yung Do is now arousing the entire South Korean people to a more vehement anti-U.S., national salvation struggle.

With the determination to avenge the death of Comrade Choi Yung Do 100 times, nay 1,000 times, on the ogrish U.S. imperialist aggressors and Pak Jung Hi puppet clique, the South Korean people are now further intensifying the anti-U.S., national salvation struggle in towns and villages, underground and in mountains and even in prison and the murderous "court," not yielding to any repression by the enemy, to accomplish the cause of the South Korean revolution left unfinished by him.

We firmly believe that the international democratic organizations and democratic public organizations of all countries of the world and progressive people the world over will denounce more bitterly the U.S. imperialist aggressors and the Pak Jung Hi puppet clique who are suppressing and murdering revolutionaries and patriots, while stepping up the policies of aggression and war in South Korea, and express militant solidarity with the fighting Korean people by waging a more active struggle for the unconditional and immediate release of the South Korean revolutionaries and patriots who have been illegally arrested and imprisoned on charges of involvement in the socalled "case" of the United Revolutionary Party, the "case" of the People's Revolutionary Party, the "case" of the South Korean Liberation Strategic Party, the "case of the Operative Group for Communizing South Korea" and the "case" of the revolutionary organization on Imja Island, the "case" of the Society for Comparative Study of Nationalism and so forth, and for the immediate withdrawal of the U.S. imperialist aggressor troops from South Korea.

Resolutely protesting against the death sentences and heavy penalties inflicted upon Kim Jong Tai and other revolutionaries and patriots of South Korea, the statement said:

We call upon the public to watch events taking place in South Korea and cooperate with each other to stay the hands of the hangmen.

We always support the struggle of the Korean people.

Prior to the adoption of the statement, Ive Norlund, Secretary of the C.C. of the Communist Party of Denmark, vehemently protested against and denounced the U.S. imperialists and the Pak Jung Hi puppet clique, their stooges, for their fascist barbarities against the South Korean revolutionaries and patriots.

The 12th Congress of **the Italian Communist Party** also expressed firm solidarity with the South Korean revolutionaries and patriots.

At the February 11th Session, Armando Kosutta, Member of the Leadership of the Italian Communist Party and Secretary of the C.C. of the Party, who was in the chair, strongly protested against and condemned in the name of the Congress the fascist atrocities of the U.S. imperialists and their stooges the Pak Jung Hi puppet clique.

Expressing its indignation at their criminal act, he said, the Congress appeals to the press circles of the world to arouse public opinion. The Congress demands the Italian Government promptly intervene in this matter through diplomatic channels.

The following publications of the world also exposed the fascist oppression of the South Korean revolutionaries and patriots by the U.S. imperialists and the Pak Jung Hi clique and demanded withdrawal of the unjust "sentences" in their recent articles or commentaries:

* **Iraqi paper "Al Nuru"**
* **Bulgarian daily "Vecherny Noviny"**
* **USSR paper "Pravda"**
* **Pakistani paper "Tabangzon"**

The heroic South Korean revolutionaries and people, who receive militant support from the revolutionary people the world over, will drive out U.S. imperialism and their stooges and win final victory without fail along the road of struggle indicated by Marshal Kim Il Sung, the respected and beloved Leader of the 40 million Korean people and one of the outstanding leaders of the international communist and working-class movements.

Readers of "People's Korea" Join World People in Protesting U.S. Gov. And Pak Jung Hi Puppet Regime

The office of the People's Korea has been flooded with letters from its readers the world over in which they scathingly condemned the U.S. imperialists and the Pak Jung Hi clique for their murderous trials and atrocities.

World-wide denunciation has been created of the U.S. imperialists and the Pak Jung Hi clique for their attempt on the lives of South Korean patriots including Kim Jong Tai of the South Korean United Revolutionary Party.

The readers of the People's Korea scattered over the world are also joining the revolutionary peoples of the world in condemning the U.S. imperialists and the Pak Jung Hi nation-selling company for their murderous fascist suppression.

They dispatched strong protest letters to the U.S. Government and the puppet South Korean authorities over their fascist brutalities, warning them against their frantic attempt on the lives of the patriots.

The office of the People's Korea has been flooded with letters from the readers.

Here are some of them: —Ed.

Mr. P.L. Lakhanpal, Chairman of All India Janatantra Party and editor of Evening View issued a statement in New Delhi on Feb. 16 strongly condemning the barbaric sentences imposed on South Korean patriots and the brutal repression and the reign of terror let loose in South Korea by the U.S.-propped Pak Jung Hi clique.

Referring to a series of framed-up murderous triais staged by the U.S. imperialist aggressors and the Pak Jung Hi fascist gang, the Chairman stressed:

"The right to struggle for national liberation and unification is the inalienable right and indeed the sacred duty of all Koreans. The national liberation struggle in South Korea has reached a crucial stage today and deserves full support of all specially the Indians. The U.S. constitutes the biggest obstruction to the Korean unification and it along with its lackeys in South Korea deserves to be put on trials. No amount of repression can suppress the South Korean patriots and prevent them from achieving national unification. Each act of brutality will only help to drive another nail in the coffin of U.S. imperialism in South Korea which is indeed doomed."

"Korean unification is the ardent desire and objective of all Koreans. It is an internal issue of the Korean people and must be achieved by their free will expressed through democratically held elections after the withdrawal of all foreign troops as repeatedly proposed by the Democratic People's Republic of Korea," said he.

"I appeal to the Government and people of India as well as to all freedom- and peace-loving governments and peoples of the world to lend full support to the sacred struggle of the Koreans for liberation and unification in the southern part of the Democratic People's Republic of Korea and to bring pressure on the U.N. to secure immediate dissolution of the UNCURK and disbandment of the U.N. forces in South Korea, and withdrawal of all foreign troops from South Korea to help the people there to achieve their objective which is wholly in accord with the aim of the Charter of the U.N.," stressed Mr. Lakhanpal.

The statement declared, "World people must launch a vigorous struggle to save South Korean patriots."

The All India Janatantra Party also sent an urgent appeal to U.N. Secretary General U. Thant. The party informed the People's Korea of its plan to hold a series of protest mass rallies against the murderous fascist suppression by the U.S. imperialists and the Pak Jung Hi clique.

Evening View devoted whole pages to the patriotic struggles of the South Korean revolutionaries and patriots, detailing how they struggled for national liberation and independent unification, following as its guiding ideas the revolutionary ideas of Marshal Kim Il Sung, the great Leader of the 40 million Korean people.

The paper expressed firm support for and militant solidarity with the anti-U.S., national salvation struggles of the South Korean people.

An American reader named Rodger Frohn, Lexington, Mn., said in his protest letter to the warmaking Pentagon of the U.S. imperialists, "I refer to the death sentences of Kim Jong Tai and his buddies in South Korea for alleged revolutionary activities. Such a severe penalty would only arouse otherwise peaceful Koreans to action in a similar revolt against the United States and our occupancy of their land. Let us not add to the provocation we are already making by exploiting their resources."

He declared, "My indignation of the way the U.S. capitalists are exploiting South Korea and South Vietnam is boundless."

Another American woman reader, Mrs. Lilian C. McFarland, Clearwater, Florida, sent protest letters to the U.S. State Department and the South Korean Pak Jung Hi puppet clique, demanding immediate release of Kim Jong Tai and other imprisoned South Korean patriots.

"Kim Jong Tai and others of the United Revolutionary Party were being patriotic, I believe, in trying to make the South Korean people aware of the politics of their situation. (If we truly loved the poor we would not have so many in the U.S.A.) I think they should be released to continue the task of education, for such dedicated leaders are few," she added.

An Australian reader Mr. E.E.V. Collocott, Epping, NSW, sent the following cable to the puppet Prime Minister of South Korea: Strongly urge remission horrifying sentences Kim and companions.

In his letter to the People's Korea, he said, "My best wishes for success in all efforts to save the lives of revolutionaries sentenced to death and release of these sentenced to imprisonment."

Your Instant Action and Help Urgently Needed

Your instant action is urgently needed to win an earliest release of an ardent patriot and revolutionary fighter Kim Jong Tai and many other South Korean patriots from the danger of death!

The shameless U.S. imperialists and the Pak Jung Hi clique are about to execute them for their patriotic activities.

On Jan. 25 at the murderous trial, wirepulled by the U.S. imperialists, the Pak Jung Hi fascist clique sentenced to death Kim Jong Tai, head of the Seoul headquarters of the United Revolutionary Party and four others and to heavy penalties up to life imprisonment his wife and 24 others.

During a two-month period from the end of last November, the U.S. imperialist aggressors and the Pak Jung Hi lackeys, wielding the notorious "Anti-Communist Law" and "National Security Law," imposed a death sentence upon 14 South Korean patriots, life imprisonment 11 and heavy penalties up to 15 years' imprisonment 61, 86 in all, who were alleged to have been involved in a series of framed-up "cases" such as the "case" of the People's Revolutionary Party, the "case" of Imja Island and the "case" of the South Korean Liberation Strategic Party.

The blood-thirsty scoundrels went as far as to murder in cold blood on Jan. 25 Choi Yung Do, Chairman of the South Cholla Provincial Committee of the United Revolutionary Party who was an ardent patriot and indomitable revolutionary fighter.

The fascist suppressive brutalities against Kim Jong Tai of the United Revolutionary Party and other South Korean patriots constitute an intolerable hostile act against the entire Korean people and an impermissible challenge to the peoples of the whole world who value justice and human progress.

Please join us in denouncing the U.S. imperialist murderers and the Pak Jung Hi fascist clique and getting released Kim Jong Tai and other South Korean patriots as soon as possible!

Please dispatch a letter to the People's Korea for publication, demanding the immediate release of the South Korean patriots and condemning the U.S. imperialists and the Pak Jung Hi clique for their sanguinary suppression! **The People's Korea**

DPRK Foreign Ministry Spokesman Denounces Schemed West German "Presidential Election" in W. Berlin

PYONGYANG, Feb. 19 (KCNA) — A spokesman of the Foreign Ministry of the Democratic People's Republic of Korea issued a statement today in connection with the fact that the West German militarists are scheming in collusion with the U.S. imperialist aggressors to hold a session of the "Federal Assembly" of West Germany in West Berlin and elect there the "President" of West Germany.

The plan of the West German militarists to creep by all means into West Berlin which is not under the jurisdiction of West Germany but is in the heart of the German Democratic Republic and stage there the farce of electing the "President" and the like reveals all the more clearly their long-cherished aggressive ambition to swallow up West Berlin, and it is a naked deliberate provocative act designed to spread neo-Nazism in West Berlin, encourage the revanchist forces and oppose the German Democratic Republic, the statement notes.

The statement says:

In this connection the Government of the German Democratic Republic has adopted resolute measures to check the criminal machination of the U.S. imperialists and the West German imperialists.

The Democratic People's Republic of Korea and the Korean people fully support the just measures taken by the Government of the German Democratic Republic and resolutely denounce the provocative scheme of the U.S. imperialist aggressors and the West German militarists.

Today the aggressive machinations of the West German militarists which are becoming ever more undisguised as the days go by clearly show to what a dangerous extent the revival of West German militarism after the war by the U.S. imperialists for the purpose of opposing the socialist countries has gone.

To use West German militarism as "shock-brigade" against the socialist camp the U.S. imperialist aggressors have speedily revived and rearmed it in gross violation of the Potsdam Agreements and other international conventions and zealously whetted its revanchist ambition.

Thus, West German militarism is today being turned into a hotbed of new war in Europe just as Japanese militarism is being brought up into a hotbed of new war in Asia by U.S. imperialism.

The world peace-loving people vehemently denounce the creation of such situation in Europe and Asia by the U.S. imperialists as a grave menace to world peace.

The prevailing situation shows that to defend world peace and security the countries of the socialist camp, while struggling against U.S. imperialism, should fight more resolutely with united might against West German militarism and Japanese militarism, its allies.

It is quite natural that the German Democratic Republic, the first state of the workers and peasants of Germany, should take all measures necessary for checking and frustrating the aggressive machinations of the West German imperialists.

The Government of the Democratic People's Republic of Korea and the Korean people have opposed the revival of West German militarism and its revanchist ambition and vehemently denounced the criminal manoeuvres of the U.S. imperialists who are actively encouraging it and have always supported the struggle of the German people and the stand of the German Democratic Republic against the rearming of West German militarism.

In the future, too, the Korean people, joining hands with the fraternal working people of the German Democratic Republic, will continue to wage a stubborn struggle against the U.S. imperialist aggressors, the common enemy, and West German militarism and Japanese militarism, their allies.

The U.S. imperialists and West German imperialists must clearly realize that all their provocative acts opposing the German Democratic Republic and menacing peace in Europe are nothing but a hopeless adventure and must stop them at once.

In conclusion the statement warns:

If the U.S. imperialists and the West German militarists persist in their reckless acts in defiance of the resolute denunciation of the socialist countries and the entire peace-loving people of the world, it will only bring to them ever more serious irrevocable consequences.
